

Junior Electrical, Control & Instrumentation Engineer

Permanent/Full Time

Are you Degree or HNC/HND educated with a background in Electrical, Instrumentation and/or Control Systems?

The 2M Group of Companies are looking for an ambitious individual to join our friendly and dynamic engineering team based in Middlesbrough, Teesside but with the opportunity to travel throughout the UK and possibly abroad.

This is an exciting and brand-new opportunity to make your mark and support the continued growth of our engineering department, with the opportunity to progress and become the company Electrical, Control & Instrumentation responsible person.

What you'll be doing...

Reporting to the Group Electrical, Control & Instrumentation (E, C & I) Engineer, you will be asked to assist them and the engineering department with E, C & I maintenance & projects across the group, including:

- COMAH, DSEAR & BS7671 Compliance.
- E, C & I design & project support.
- Provision of close technical support to site maintenance teams.
- Functional Safety compliance & Management to BS61511.
- Development of company EC & I procedures, standards, forms & reports

Your background...

Must have...

- Degree or HNC/HND in an ECI related subject
- Working knowledge of DSEAR/ATEX
- Working knowledge of BS7671
- Working appreciation of functional safety, safety instrumented systems & safety integrity levels
- Excellent IT skills, particularly with MS Office & Teams

Nice to have...

- Exposure to chemicals/industrials sectors
- Functional Safety qualification (e.g. FS Engineer (TÜV Rheinland) Certificate)
- Control system design experience
- Competent with AutoCAD and/or MS Visio for ECI drawings

What we can offer you...

- Flexible Office/Home based working.
- Based in Middlesbrough, Teesside.
- Working hours of Monday – Friday 7am – 4pm.
- Career development and extensive training opportunities.
- Generous holiday allowance with buy/sell holiday scheme.

A bit about us...

Maintaining a portfolio of Material & Life Science companies, the 2M Group of Companies is committed to delivering chemistry-based solutions for a better life today and a better world tomorrow.

2M Group is headquartered in the UK with customers in over 90 countries. We have established a strong presence as market leaders in the chemical industry since our formation in 2004.

We are a friendly team with an innovative culture that works together to get things done. We trust everyone equally and fairly and encourage our people to be truly creative and think outside the box.
